

地域で穫れた美味しい野菜をそのまま!

# 地場野菜

A large display of fresh vegetables arranged on a three-tiered wooden shelving unit. The top tier features several woven baskets containing packaged items like leafy greens and root vegetables. The middle tier consists of green plastic crates filled with various types of leafy greens, including what appears to be spinach and lettuce. The bottom tier also uses green crates to hold items such as carrots, daikon radishes, and other leafy vegetables. A prominent sign at the top of the display reads '地場野菜' (Local Vegetables) in large white characters on a green background, with a smaller red banner above it stating '地域で穫れた美味しい野菜をそのまま!' (Fresh, delicious vegetables harvested locally!). The background shows a well-lit supermarket aisle with other shelves and a tiled floor.
